OUR EMPLOYEE

When choosing a home care provider, it's important to know whether the agency directly employs its caregivers. At Grace Found Home Care Agency LLC, we do. All our caregivers are our employees, not independent contractors, ensuring a safe, professional, and accountable care experience.

Because we employ our caregivers:

- There is no exchange of money between clients and caregivers.
- We manage all payroll responsibilities, including all required tax withholdings.
- Our caregivers are covered by workers' compensation and liability insurance.

This relieves you of the responsibilities associated with payroll, taxes, and employment paperwork. With Grace Found Home Care Agency LLC, you can be assured that your caregiver is fully supported, properly supervised, and committed to delivering care with grace and excellence.
